

2008 OCTA Convention Motel Information

The following motels will be cooperating with IOCTA for reservations for the August 2008 Nampa OCTA Convention. All of them are next to Interstate 84 and within 1-3 miles of the Nampa Civic Center where the Convention will unfold. **There are no motels within easy walking distance of the convention center.**

Some motels have blocks of rooms set-aside for convention attendees which must be reserved by members before specific dates for the prices quoted. After that date the unused set-aside rooms will be offered to the general public at higher prices. Most of these motels have indicated they will extend the prices to more rooms than are blocked if they are available and members call before the deadline dates. Please direct questions to the person(s) named at each motel.

Be sure to indicate that you are an OCTA member when you contact the motels.
